**RE: ADDENDUM NO. 1 TO THE TENDER NO. KP1/9AA-3/PT/13/13-14 FOR SUPPLY
OF TOOLS AND EQUIPMENT FOR CUSTOMER SERVICE**

We make the following clarifications and amendments to the above Principal Tender Document (*hereinafter abbreviated as the PTD*) for the Supply of Tools and Equipment's for Customer Service dated March 2014.

1. **RELATIONSHIP WITH THE PRINCIPAL TENDER DOCUMENT**

Save where expressly amended by the terms of this Addendum, the PTD shall continue to be in full force and effect. The provisions of this Addendum shall be deemed to have been incorporated in and shall be read and construed as part of the PTD.

2. **AMENDMENT TO APPENDIX TO INSTRUCTIONS TO TENDERERS**

No. 8 of the Appendix to instructions to tenderers has been amended as follows:

Despite the specifications indicating sample be provided, please note that samples shall only be requested where applicable as indicated in the Appendix to Instructions to Tenderers Clause 3.15.1

3. **SECTION IV - SCHEDULE OF REQUIREMENTS.**

The Schedule of requirement has been clarified as follows:

Item 10: Power Drilling Machines

The machine shall be suitable for drilling hard metals- Carbon Steel, alloy steel, cast steel, cast iron, Bronze, Copper and Aluminum, wood and plastic. Let the rated input power be a maximum of 800Watts. The variable speed control/reversible in the specifications allows for the incorporation of the fastening and unfastening of screws aspect. There are power drilling machines in the market with this capability.

Item 11. Drill Bits

This should be high speed steel for drilling hard metals, wood and plastic'' The mason drill bits- normally the diamond tip type-are not mentioned anywhere in the tender document.

Item 12 and 13

Professional Hacksaw Frames & Replacement 400 MM Blades Respectively.

Please note that the 400mm hacksaw frames as well as the 400mm blades are available in the market. We chose this size because the blades have a bigger thickness & depth as compared to the size 300mm thus a better cut and blade strength.

Item 14

Ball Pein Hammer

Size: Total length maximum 320mm and a maximum head weight of 500g as per the specifications.

Item16

Steel Trunking Hole Cutter

We are leaving the size of the machine open for now. The sizes of the holes as given in the technical specifications should be adequate guide.

Item 17

Mallet

The head shall be made of drop forged steel head as per DIN 6475 standards as stated in the specifications.

Item 23

Cordless Drilling Machines

The drill bits shall be the same size as those of the power drilling machine i.e.10 piece set sizes from 1mm – 10 mm (In 1mm increments) made from high speed steel with a roll up storage porch.

4. CLOSING DATE

The closing has been changed from Tuesday 8th April, 2014 to Thursday 17th April, 2014.

All other terms and conditions remain as per the Principal Tender Document (PTD).

Yours faithfully,

FOR: THE KENYA POWER & LIGHTING COMPANY LIMITED
