- 3.24.3 Any effort by a Tenderer to influence KPLC or any of its staff members in the process of examination, evaluation and comparison of tenders and information or decisions concerning the Tender may result in the disqualification of the Tenderer.

3.25 Clarification of Tenders and Contacting KPLC

- 3.25.1 To assist in the examination, evaluation and comparison of Tenders KPLC may, at its discretion, ask the Tenderer for a clarification of its Tender. The request for clarification shall be in writing. The response may be in the form of writing and/or presentation. The presentation may be at the Tenderer's or KPLC designated premises. Wherever possible, the outcome of the presentation should be documented. No change in the prices or substance of the Tender shall be sought, offered, or permitted.

- 3.26.1 Prior to the detailed Technical and Financial evaluation, KPLC will determine the substantial responsiveness of each Tender. For purposes of this tender, a substantially responsive Tender is one that conforms to the requirements of Preliminary Evaluation. KPLC's determination of a Tender's responsiveness is to be based on the contents of the Tender itself without recourse to extrinsic evidence.

- 3.26.2 KPLC will examine the Tenders to determine whether they conform to the Preliminary Evaluation Criteria set out in the Section VI Evaluation Criteria.
- 3.26.3 Notwithstanding the contents of the foregoing sub-paragraphs, if a Tender is not substantially responsive, it will be rejected at the earliest stage of evaluation by KPLC and cannot subsequently be made responsive by the Tenderer by correction of any non-conformity.

3.27 Minor Deviations, Errors or Oversights

- 3.27.1 KPLC may waive any minor deviation in a Tender that does not materially depart from the requirements of the goods and or services set out in the Tender Document.
- 3.27.2 Such minor deviation -
- 3.27.2.1 shall be quantified to the extent possible,*
 - 3.27.2.2 shall be taken into account in the evaluation process, and,*

3.28 Technical Evaluation of Tenders

KPLC will evaluate and compare the Tenders that have been determined to be substantially responsive in compliance to the Technical requirements set out in the Tender Document.

3.29 Financial Evaluation of Tenders

- 3.29.1 Upon completion of the preliminary and technical evaluation, KPLC shall conduct a Financial Evaluation and comparison as set out in Section VI Evaluation Criteria.
- 3.29.2 Where other currencies are used, KPLC will convert those currencies to the same currency using the selling exchange rate prevailing on the date of tender closing provided by the Central Bank of Kenya.
- 3.29.3 Arithmetical errors shall not be corrected. The tender sum as submitted and read out during the tender opening shall be absolute and final and shall not be the subject of correction, adjustment or amendment in any way by any person or entity.

3.30 Preferences

- 3.30.1 Subject to availability and realization of the applicable international or local standards, only such manufactured articles, materials or supplies wholly mined and produced in Kenya shall be subject to preferential procurement.

3.30.2 Despite the above provisions, preference shall be given to —

(a) manufactured articles, materials and supplies partially mined or produced in Kenya or where applicable have been assembled in Kenya; or (b) firms where Kenyans are shareholders.

3.30.3 The threshold for the provision under 3.30.2 (b) shall be above fifty-one percent of Kenyan shareholders.

3.30.4 Where a person is entitled to more than one preference scheme, the scheme with the highest advantage to the person shall be applied.

The tender evaluation committee(s) shall evaluate the tender within the validity period of the tender.

3.32 Debarment of a Tenderer

A Tenderer who gives false information in the Tender about its qualification or who refuses to enter into a contract after notification of contract award shall be considered for debarment from participating in future public procurement.

3.33 Confirmation of Qualification to enter into Framework contract

3.33.1 KPLC may confirm to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to enter into the Agreement with KPLC and consequently likely to perform the contract satisfactorily.

3.33.2 The confirmation will take into account the Tenderer's financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to paragraph 3.13 as well as confirmation of such other information as KPLC deems necessary and appropriate. This may include factory and other facilities inspection and audits.

3.33.3 An affirmative confirmation will be a prerequisite for award of the contract to the Tenderer. A negative confirmation will result in rejection of the Tenderer's Tender, in which event

KPLC will proceed to the next lowest evaluated responsive tender to make a similar confirmation of that Tenderer's capabilities to perform satisfactorily.

3.34 Award of contract

- 3.34.1 KPLC will award the contract to the successful Tenderer whose Tender has been determined to be substantially responsive, technically compliant and has been determined to be the lowest evaluated tender, and further, where deemed necessary, that the Tenderer is confirmed to be technically and financially qualified to perform the contract satisfactorily.
- 3.34.2 Award will be done as indicated in the Appendix to Instructions to Tenderers.

3.35 Termination of Procurement Proceedings

- 3.35.1 KPLC may at any time terminate procurement proceedings before entering into a contract and shall not be liable to any person for the termination.

3.36 Notification of Award

- 3.36.1 Prior to the expiration of the period of tender validity, KPLC shall notify the successful Tenderer in writing that its Tender has been accepted.
- 3.36.2 The notification of award shall not constitute the formation of the contract until one is finally signed by both parties.
- 3.36.3 Simultaneously, and without prejudice to the contents of paragraph 3.41 on issuance of the Notification of Award to the successful Tenderer, KPLC shall notify each unsuccessful Tenderer.
- 3.36.4 A notification of the tender outcome does not reduce the validity period for any tender security whether the Tenderer is successful or not, except where such tender security is officially released to the Bank and/or the Tenderer and such Bank discharged of all its obligations by KPLC prior to the expiry of its stated validity period.

3.37 Signing of Contract

- 3.37.1 At the same time as KPLC notifies the successful Tenderer that its Tender has been accepted, KPLC will send the Tenderer the Contract Agreement provided in the Tender Document together with any other necessary documents incorporating all agreements between the Parties.
- 3.37.2 Within fourteen (14) days of the date of notification of award, the successful Tenderer shall only sign the Contract Form and all the documents specified in that Form and return them to KPLC within that period of fourteen (14) days.

- 3.37.3 KPLC shall sign and date the Contract not earlier than fourteen (14) days from the date of notification of contract award. Further, KPLC shall not sign the contract until and unless the authentic performance security is received in accordance with paragraph 3.37.
- 3.37.4 Failure of the successful Tenderer to sign the Contract, the award shall be annulled and its tender security forfeited in which event KPLC shall notify the next lowest evaluated Tenderer that its Tender has been accepted.
- 3.37.5 Paragraph 3.37 together with the provisions of this paragraph 3.36 will apply with necessary modifications with respect to the Tenderer notified under sub-paragraph 3.36.4.

3.38 Performance Security

- 3.38.1 Within fourteen (14) days of the date of notification of award from KPLC, the successful Tenderer shall furnish KPLC with a Performance Security which shall be either one or a combination of the following:
- a) an original Bank Guarantee that is strictly in the form and content as prescribed in the Performance Security Form (Bank Guarantee) in the Tender Document.
 - b) For Local bidders, Standby Letters of Credit (LC). All costs, expenses and charges levied by all banks party to the LC shall be prepaid/borne by the Tenderer. The LC must contain all the mandatory conditions of payment to KPLC as prescribed in the Tender Security (Letters of Credit) provided in the Tender Document.
 - c) For Foreign bidders, Standby Letters of Credit (LC) confirmed by a bank in Kenya. All costs, expenses and charges levied by all banks party to the LC including confirmation charges shall be prepaid/borne by the Tenderer. The LC must contain all the mandatory conditions of payment to KPLC as prescribed in the Tender Security (Letters of Credit) provided in the Tender Document.
- 3.38.2 The Performance Security shall be denominated in Kenya Shillings or in another freely convertible currency in Kenya. A Performance Security in form of a Bank Guarantee or a Standby Letter of Credit issued on behalf of local bidders, should be from a commercial bank licensed by the Central Bank of Kenya. A Performance Security in form of a Standby Letter of Credit issued on behalf of foreign bidders by foreign banks should be confirmed by a commercial bank licensed by the Central Bank of Kenya.
- 3.38.3 The Performance Security shall be the sum of ten percent (10%) of the contract value. It shall be in the currency of the contract price.
- 3.38.4 KPLC shall seek authentication of the Performance Security from the issuing bank. It is the responsibility of the successful Tenderer to sensitize its issuing bank on the need to respond directly and expeditiously to queries from KPLC. The period for response shall not exceed three (3) days from the date of KPLC's query. Should there be no conclusive response by the Bank within this period, such successful Tenderer's Performance Security may be deemed as invalid.
- 3.38.5 Failure of the successful Tenderer to furnish an authentic Performance Security, the award shall be annulled and the Tender Security forfeited, in which event KPLC may notify the next lowest evaluated Tenderer that its Tender has been accepted.

3.38.6 Paragraph 3.38, 3.37 together with the provisions of this paragraph 3.39 will apply with necessary modifications, and as far as circumstances permit, with respect to the Tenderer notified under sub-paragraph 3.36.4

3.39 Corrupt or Fraudulent Practices

- 3.39.1 KPLC requires that Tenderers observe the highest standard of ethics during the procurement process and execution of contracts. When used in the present Regulations, the following terms are defined as follows: -
- a) *“Corrupt practice” means the offering, giving, receiving or soliciting of anything of value to influence the action of public official in the procurement process or in contract execution;*
 - b) *“Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of KPLC, and includes collusive practice among Tenderers (prior to or after Tender submission) designed to establish tender prices at artificial non-competitive levels and to deprive KPLC of the benefits of free and open competition.*
- 3.39.2 KPLC will nullify its notification of award if it determines that the Tenderer recommended has engaged in corrupt or fraudulent practices in competing for the contract in question.
- 3.39.3 Further, a Tenderer who is found to have indulged in corrupt or fraudulent practices risks being debarred from participating in public procurement in Kenya.

- b) Original KRA receipt (or bank-slip)
- b) Copy of the Bill of lading/Airway bill where KPLC is the consignee of the goods

- c) Customs entry Form where KPLC is the Importer/ consignee of the goods

7.19 Interest

Interest payment by KPLC is inapplicable in the contract.

7.20 Prices

- 7.20.1 Subject to clause 7.21 herein-below, prices charged by the Supplier for goods delivered and services performed under the contract shall, be fixed for the period of the contract with no variations.

7.20 Variation of Contract

- 7.20.1 KPLC and the Supplier may vary the contract only in accordance with the following as per the Public Procurement & Asset Disposal Act 2015
- a) *the quantity variation for goods shall not exceed fifteen percent (15%) of the original contract quantity.*
 - b) *The cumulative value variation shall not exceed twenty five percent (25%) of the original contract value.*
 - c) *the quantity variation must be executed within the period of the contract.*

GENERAL PRICE VARIATION FORMULA

For items not quoted for on the basis of length, a formula based on ratios would be more suitable. In its simplest form, with only one significant price-variability sensitive component (and without a price-stable component), the formula would be of the following form: - $P_1 = P_0 * A_1 / A_0$

Where the item has more than one significant component, with some components having stable prices in the item, the formula would take the following form:

$P_1 = P_0 * (c + d * A_{1d} / A_{0d} + e * A_{1e} / A_{0e} + \dots + n * A_{1n} / A_{0n})$ where;

P_1 is the adjusted price of the item P_0

is the original bid price

c is a coefficient accounting for the component of the price that is stable and not subject to variations

d, e, . . . , n are coefficients for the value contributions of the various components of the item A_{0d} ,

A_{0e} , A_{0n} are the LME (or suitable commodity exchange) prices at the date of the tender closing.

A_{1d} , A_{1e} , A_{1n} are the LME (or other suitable commodity exchange) prices prevailing on the date of negotiation of unit price for the subsequent year and: $c + d + e + \dots + n = 1$

The first formula where only one significant component is involved will be applicable for the following items.

i) Steel structures ii)

Bolts and nuts iii)

Line taps

For these items and others of a similar nature the computation of the adjusted price will therefore only take into account the two LME prices as described above and the adjusted price P_1 will be computed directly.

For the other items involving more than one metal item with a significant change in price, the second formula will apply. The table of coefficients shown herebelow contain some of the proposed coefficients to be used in the computation of the adjusted price.

For other items outside the above in the table the coefficients “c, d, e, . . . , n” are proposed by each bidder and that, subject to contract negotiations, the coefficients so submitted are used in determining the price variation. The bidder shall indicate the source of the coefficients so used. It is however recommended that the IEEMA be the reference source of such coefficients.

TABLE OF COEFFICIENTS

ITEM	C	D	e	f
Copper wound	0.41	0.23	0.27	0.09
Distribution and Power transformers upto 10MVA		(copper)	(CRGO)	(Iron and steel)
Aluminium wound distribution transformers upto 10MVA	0.41	0.17 (aluminium)	0.33 (CRGO)	0.09 (Iron and steel)

Notes on coefficients

These figures are derived from Price Variation Formulae by Indian Electrical & Electronics Manufacturers Association (IEEMA). Our derived figures have restricted the variables to the metal elements only.
